PROFESSIONAL SUMMARY:

B.Tech in Computer Science And Engineering (graduation year 2026), Having knowledge of Python, Django, and full-stack development. Developed a fake news detection system by using BERT-based deep learning and successfully executed an 18-week internship on AI/ML for creating a health care application. I am looking for an opportunity as a Python Full Stack Developer.

TECHNICAL SKILLS:

- **Programming Languages:** Python, JavaScript
- **Frontend Technologies:** HTML5, CSS3, Bootstrap
- **Backend Technologies:** Django
- **Database:** OracleSQL
- **Concepts:** Object-Oriented Programming (OOPs), REST API, SDLC, Data Preprocessing
- **Python Libraries:** Numpy, Pandas, Matplotlib, Seaborn
- **Tools:** GitHub, VS Code, Postman
- **Technologies:** Machine Learning, Deep Learning

PROJECTS:

Detection and Classification of Fake News Using E-BERT (Major Project)

- Created a system for categorizing fake news based on BERT embeddings and used LSTM and GRU for binary classification of fake news and actual news.
- Completed the task of data pre-processing (cleaning text data, tokenization, normalization) and BERT embedding generation; built and analyzed LSTM and GRU classification models using Python and TensorFlow/Keras.
- Achieved 99.88% accuracy with BERT+LSTM and 99.91% accuracy with BERT+GRU on a dataset of 20,955 news articles.

ShopSphere – E-Commerce Web Application

- Created an end-to-end e-commerce web application based on PHP, which included user login, product management, shopping cart and order handling.
- The modules I designed included secure login, product browsing, shopping cart and order tracking functionality to enable multi-user workflows.

INTERNSHIP EXPERIENCE:

AI & Machine Learning Intern | Innovate by HexaInd

Dec 2025 – Apr 2026

- Completed an 18-week internship in Artificial Intelligence & Machine Learning.
- Developed "Health Cure", an integrated machine learning solution for comprehensive medical care.

EDUCATION:

B.Tech (CSE), YSR Engineering College, YVU (2022–2026) – 79%

Intermediate (MPC), Seicom Junior College – 93%

SSC, ZP High School, Daminedu – 97%

CERTIFICATIONS: Machine Learning with Python, Artificial Intelligence & Machine Learning, CyberSecurity Fundamentals, NPTEL Cloud Computing

SOFT SKILLS: Communication, Problem-Solving, Leadership, Team Collaboration
